North American Fleet, Lease & Remarketing*

2009 Ford-Lincoln-Mercury

Cars

26

FORD CROWN VICTORIA LX Crown Victoria offers everything you want in a large sedan: smooth ride, room, comfort, V8 power, rear-wheel drive and 5-star safety. Exterior changes including new aluminum 17" x 7" 5-spoke wheel and power mirrors are now standard. New interior standards include side air bags, leather wrapped steering wheel, power 8-way adjustable driver seat, and premium stereo with a single CD.

FORD FOCUS The Focus comes in two body styles – 4-door sedan and 2-door coupe. There are six arrays that comprise the Focus offering (S, SE (2), SES (2), and SEL). The 2009 SES Coupe offers high series Sport model (new high-mounted spoiler, 4.2 final drive ratio, 17" aluminum wheels, and sport tuned exhaust). The new SEL series carries all of the SES features plus enhanced European inspired suspension, rear stabilizer bar, 16" Euroflanged wheel, chrome door handles, chrome heated mirrors/skull caps, chrome tip exhaust, fog lamps, and more.

FORD FUSION Fusion's independent front and rear suspension system provides smooth and confident handling. A standard 160hp Duratec I-4 engine drives the mid-size sedan. The 2009 Fusion comes in three arrays (S, SE, and SEL) and features new standard like ambient lighting (SEL), satellite radio (SE/SEL), 5-speed automatic transmission (I-4 SEL), and traction control (V-6) models. New optional equipment includes Advance Trac® Electronic Stability Control – ESC (612).

FORD TAURUS New for 2009 and newly added to the Taurus sedan line-up is the SE series, offering a total of five array configurations to better accommodate your needs. Interior changes include new electrochromic mirror with integrated compass, Universal Garage Door Opener standard on Limited series, and Satellite Radio, which is standard on SEL and Limited series. Functional changes include standard Advance Trac® Electronic Stability Control, standard SOS-Post Crash Alert System, which unlocks the doors and activates the horn / emergency flashers in the event air bags are deployed. The Navigation System was dropped from SEL series.

LINCNOL MKS The 2009 Lincoln MKS features dynamic Lincoln design, a meticulously refined and crafted interior, only the best in state of the art technology, and an amazingly smooth yet connected ride. The 3.7 liter V6 4V DOHC Duratec 37 with VCT engine with 270hp and 265 lb-ft torque offers a superior ride. Other refined features include: smooth shifting 6-speed automatic transmission with Select-Shift, AdvanceTrac® (Electronic Stability Control), Luxury-tuned independent front and rear suspension for a smooth and confident ride, and an available Intelligent All-Wheel Drive system.

LINCOLN MKZ The 2009 MKZ comes with a 3.5 liter DOHC V6 engine with 263hp and 249 lb-ft torque mated to a smooth-shifting 6-speed automatic transmission. The optional all-wheel drive and optional THX® II certified audio system and voice-activated, DVD-based navigation system makes this a refined and dynamic entry luxury sedan. For occupant safety, the Lincoln MKZ features a robust steel "safety cage" construction with a Personal Safety System® for driver and front passenger.

LINCOLN TOWN CAR Town Car comes in two arrays: Signature Limited and Signature L. Contemporary interior with American walnut burl wood trim and satin-nickel accents comprised Town Car's distinct features. Town Car received the government's highest 5-Star crash test rating in all five categories, six years in a row (2003-2008). Standard power comfort features include dual-zone electronic automatic temperature control, and 8-way power, heated driver and front passengers seats.

MERCURY GRAND MARQUIS The Grand Marquis delivers outstanding comfort and convenience. Grand Marquis comes with a standard V-8 FFV engine able to run on gasoline, E85, or any mixture of the two. From its generous cargo capacity and passenger volume to its convenient features, Grand Marquis accommodates its owners' lifestyles in a spacious, classic package.

MERCURY MILAN The Mercury Milan has sophisticated styling inside and out with standard LED tail lamps, satin aluminum grille and exterior accents. Milan's upscale, sophisticated styling sets its owners apart, while its unique interior environment and unexpected value reward smart choices. Milan gives you everything you need in a mid-size sedan, without giving up style. Milan accommodates driving dynamics with its standard 2.3 liter I4 engine with 5-speed manual transmission and available 5-speed automatic transmission, or chose the available 3.0L Duratec V6 engine with 6-speed automatic

27

2009 Ford-Lincoln-Mercury

transmission. Standard safety features include the Personal Safety System®, dual stage front airbags, side impact airbags (driver and front passenger) and side air curtains. Also standard are 4-wheel disc brakes with Anti-lock Braking System (ABS).

MERCURY SABLE The 2009 Sable offers its drivers a refined exterior and interior design with plenty of cargo room. This bold sedan is powered by a 3.5 liter Duratec V6 engine with 263hp. You can opt for the available All-Wheel-Drive (AWD) to amplify Sable's handling process. The 2009 Sable exudes individuality. Leather-wrapped steering wheel, 6-way power driver seat with manual lumbar, 2-way power front-passenger seat with fold-down seatback, and power sideview mirrors with satin-finish accents make this modern sedan shine.

Trucks

FORD RANGER This compact pickup comes in four models (XL, XLT, Sport, and FX4 Off-Road) and two body styles (Regular cab and SuperCab 2- and 4-door) for 2009. The 2.3 liter 1-4 engine comes standard in the regular cab 4x2 and optional in the SuperCab 2-door 4x2. Other standards include 4-pin trailer tow connector, 6' pickup box, and tailgate with quick release, among others. Daytime running lamps are a fleet exclusive option.

FORD EXPLORER SPORT TRAC The 2009 Sport Trac provides a 2-series structure: XLT and Limited. Sport Trac comes with a standard 4.0 liter SOHC V6 engine or the optional 292hp 4.6 liter V8. New for 2009 is the standard one-touch integrated start ignition switch and optional Ford SYNC™ voice-activated communication and entertainment system. Fleet exclusive options include daytime running lamps, engine block heater, P245/65R17 all-terrain BSW tires, and skid plates.

FORD F-150 The 2009 F-150 offers five trim levels: XL, STX, XLT, FX4, and Lariat. Each cab style, Regular Cab, SuperCab and SuperCrew, comes with all-new interior and exterior styling. Special features include Reverse Camera System, tailgate step, integrated trailer brake controller, Ford SYNC™, box side steps, and a stowable bed extender. The 4.6 liter 2V V8 engine is continued for 2009. The 4.6 liter 3V V8 is available with 6-speed auto transmission (2 intake valves and 1 exhaust valve help produce excellent HP, torque and fuel efficiency). The 5.4 liter V8 gas engine no longer available. The 5.4 liter 3V FFV engine is available with 6-speed automatic transmission on all cabs (incl. SuperCrew) in Federal and CA emission states.

FORD F-250/F-350 SUPER DUTY F-Series continues to meet the needs of commercial use. The 2009 Super Duty is available in XL, XLT, FX4, and Lariat models with regular, super, and crew cab body styles. Special features include tailgate step, stowable bed extender, traction control, PowerScope™ mirrors, Rapid-Heat supplemental cab heater, and SYNC. Available engines include 5.4 liter 3-value V8, 6.8 liter 3-value V10, and the 6.4 liter V8 Turbo Diesel.

SUVs

FORD ESCAPE Introducing the new powertrain line-up for 2009 Escape and Escape Hybrid (HEV). These new powertrains deliver both improved performance and improved fuel economy. Fifteen arrays deliver the most comprehensive equipment levels (XLS, 3; XLT, 4; Limited, 4; Limited Hybrid, 2; Escape Hybrid, 2). The all-new 2.5 liter I-4 (gas) produces 170 horsepower and increased torque, while achieving improved fuel economy in both city and highway driving. The 3.0 liter V-6 delivers a 20% improvement in horsepower at 240HP while still achieving improved fuel economy in both city and highway driving. These gasoline engines will be offered with an all-new 6-speed automatic transmission. The Escape Hybrid gets a new 2.5 liter I-4 Atkinson Cycle engine. AdvanceTrac® RSC is standard on Hybrid for 2009 and a new Hybrid Limited series is available.

FORD EXPLORER The 2009 Explorer comes in three models: XLT, Eddie Bauer, and Limited, all with a 5-door body style. Explorer delivers comprehensive equipment levels to suit all of your driving needs. New for 2009 is the standard one-touch integrated start ignition switch. Other standard comforts include liftgate with flip-open rear window and electronic release button, 6-way power driver seat, and 2nd row 60/40 split seats. Fleet exclusive options include daytime running lamps, engine block heater, P245/65R17 all-terrain BSW tires (XLT only), and power and heated sideview mirrors.

FORD EXPEDITION The 2009 Expedition and the 2009 Expedition EL (extended length) build on the strength of the Ford brand in the Large SUV segment. There are eight arrays on each Expedition and Expedition EL (XLT – 2; Eddie Bauer – 2; Limited – 2; King Ranch – 2). Expedition EL offers enhanced capability with 24 additional cubic feet of cargo space versus base Expedition, maximum towing capacity of 9,200 lbs, 2nd generation Independent Rear Suspension, and ControlTrac® 4x4 system. Improved comfort and versatility are key as the interior was redesigned in 2007, which provided new seats and upgraded materials, PowerFold™ 3rd row seat and 2nd row CenterSlide™, and new features like SYNC and Next Generation navigation system. Advance Trac® w/RSC® (Roll Stability Control), Personal Safety System®, stroking steering column that compresses up to four inches to absorb energy, Safety Canopy™ side air curtains for all three rows and Thorax Side Air Bags are standard comprehensive safety features that make Expedition a great choice.

2009 Ford-Lincoln-Mercury

LINCOLN NAVIGATOR The 2009 Lincoln Navigator and Navigator L deliver performance and style. Navigator L provides an additional 15.8" in length behind the third row, providing 24.5 more cubic feet of cargo space. Navigator comes with a 5.4 liter FFV V8 engine that is able to run on gasoline, E85, or a mixture of the two. Navigator offers a smooth ride from its monotube shocks at all four corners and a multilink independent rear suspension. Both come standard with dual-zone electronic automatic temperature control, front park assist, power liftgate, rain-sensing wipers, and more.

MERCURY MARINER The 2009 Mariner is fun to drive with its standard 2.5 liter Duratec I-4 engine or an optional 3.0L Duratec V6. Intelligent 4-wheel drive comes optional. Side air curtain, front seat side air bags, and audio inputs are standard. You will always have enough room in your Mariner, with 66.3 cu. ft. of cargo room behind the front row and 29.2 behind the rear row.

MERCURY MARINER HYBRID The 2009 Mariner Hybrid comes with all the same driving luxuries as its gasoline counter part. The Mariner Hybrid standard engine is a 2.5 liter I-4 Atkinson-cycle that combines with electric traction motor to produce 165 net horsepower. The electronically controlled Continuously Variable Transmission (eCVT) coupled with the 330-volt sealed nickel-metal-hydride battery makes this a pleasant and energy-efficient driving experience. Side air curtain, front seat side air bags, and audio inputs are standard.

MERCURY MOUNTAINEER The Mercury Mountaineer makes a powerful and comfortable ride with its 292hp V8 engine paired with a smooth-shifting 6-speed automatic transmission (optional). Mountaineer has standard leather-wrapped steering wheel, power heated sideview mirrors, and 17" machined-aluminum wheels. Standard safety features including Intelligent Safety System, AdvanceTrac with RSC, and front-seat side and side-curtain airbags make Mountaineer as safe as it is stylish.

Vans

FORD ECONOLINE For the Van, Wagon, and Cutaway Econoline, all 4.6 liter engines (99W) and 5.4 liter engines (99L) FFV capable are available to all fleets. An extra heavy duty 215 amp alternator (63G) will be available with the 6.8 liter. An engine hour meter is now standard. The Instrument Panel Electronic Message Center (60J) is standard with 6.0 liter diesel engine. Available options with gas engines include Integrated Trailer Brake Controller (68B), premium audio/navigation system with CDX6 (58N), rear back-up camera (15C), and user defined switches (52S). Advance Trac with RSC (67R) comes standard on the Recreational Van and is available on Commercial Vans with gas engines. A passenger air bag cut-off switch (60C) is available on Commercial Vans. A 6.0L diesel engine

is no longer available on the Wagon. The 6.8 liter (99S) is now available on E31 and S31. Advance Trac with RSC (67R) is now standard on all Wagons. Traction Control is no longer available (not compatible with RSC).

Crossovers

FORD EDGE Newly added to the 2009 EDGE line-up is the sporty ST series. The ST offers body color front/rear lower fascias, door cladding and rocker moldings, dark metallic head lamp and tail lamp treatments, 20" painted wheels with ST center cap mounted on P245/50R20 A/S BSW tires, Alcantara® grey suede seat inserts contrasted with charcoal black trim, contrast stitched leather wrapped wheel and shift knob, and a unique center finish panel. A new safety feature for EDGE is the SOS-Post Crash Alert System (automobile safety beacon) which unlocks the power doors and activates the horn / emergency flashes in the event that air bags are deployed.

FORD FLEX The new 2009 Flex is the Ford's latest seven passenger entry into the emerging Crossover Segment. The Flex delivers groundbreaking design with unprecedented interior comfort, advanced technology and safety. Flex appeals to SUV customers who require more style with their substance. Flex comes with a 3.5 liter V6 and a 6-speed automatic transmission, Front Wheel Drive or All-Wheel Drive capability, and can carry six or seven adults in total comfort. Standards include side airbags and three row Safety Canopy™ with Rollover Sensor, traction control and Advance Trac® with Roll Stability Control® (RSC). The Fold-in-floor 3rd row seat, fold-flat 2nd row seat and fold-flat passenger seat provide total flexibility. Exclusive features include EasyFuel™ innovative capless fueling, 2nd row console refrigerator, SYNC™ voice activated communications and entertainment system and 2nd row footrests.

FORD TAURUS X This 2009 crossover comes in three arrays: SEL, Eddie Bauer and Limited. There is a standard 3.5 liter Duratec V6 engine with 263hp that powers the Taurus X. You can opt for the available All-Wheel-Drive (AWD) to amplify the handling process. New standards include Brake Assist for added safety, projector beam headlamps for increased visibility, and SOS-Post Crash Alert System which unlocks the doors and activates the horn / emergency flashers in the event air bags are deployed.

LINCOLN MKX This SUV is young and hip. It comes with a 6-speed automatic 3.5 liter Duratec V6 engine and a standard FWD, but offers an AWD option. MKX offers all of the comforts like standard heated and cooled front seats and optional heated rear seats. The optional all-glass panoramic Vista Roof™ and standard leather-wrapped steering wheel with cruise and multimedia controls make MKX as luxurious as it is functional.
