

The Road to Exploring GERMANY

IT'S EASY TO GET STARTED

You'll find an Enterprise Rent-A-Car location perfect for your adventure.

- **Airport:** Begin the trip as soon as you arrive. Airports are usually located near major roadways that will allow you to get on the road quickly.
- **Neighborhood:** Great for day trips or to begin your journey after a visit to a major city.
- **Train Station:** Rent at a train station to explore a region further.

AUTOMATIC IS NOT AUTOMATIC!

While most cars in the U.S. have an automatic transmission, many vehicles in Germany are manual. When renting, be sure to designate an automatic if you can't drive a manual.

UNIQUE ROAD SIGNS

Pay close attention to traffic signs and signals. Many Germans describe their streetscape as a "sign forest" (Schilderwald) due to the abundance of traffic signs.

DRIVING TIPS: THE FABLED AUTOBAHN!

Few roads in the world are as legendary as Germany's famous Autobahn. Here are some tips to keep you safe while driving:

- When no speed limit is posted, German authorities 'suggest' a speed of 130 kmh (80 mph).
- You can only pass another car in the left lane. The right lane is for slower vehicles, and overtaking cars in the right lane is illegal.
- Always check your rear view mirror carefully when pulling into another lane.

CROSS BORDER REGULATIONS

Renters picking up a vehicle in Germany and traveling outside of Germany must make prior arrangements directly with the renting branch. The vehicle must be returned to the rental location in Germany.

FUEL YOUR ADVENTURE

- When fueling in Germany, gasoline is Benzin.
- Running out of gas on the Autobahn is dangerous and will get you a ticket.

GENERAL GERMAN RULES OF THE ROAD

- Drive on the **RIGHT** hand side of the road. (The driver sits on the left hand side of the car.)
